Public Policy Agenda

This public policy agenda represents all current public policy positions of the United Way of Pennsylvania. This agenda is UWP's platform for issue advocacy at the state level. In addition, UWP will engage in federal level advocacy consistent with the United Way Worldwide public policy agenda.

The UWP public policy committee, comprised of representatives of local United Ways and volunteers around the state, is responsible for adopting positions for the organization and recommending priorities to the Board of Directors. UWP adopts priorities for each two-year legislative session.
