FINANCIAL SECURITY FOR YOUR FAMILY

Pennsylvania Treasury Programs help Pennsylvanians plan, save, and thrive.

United Way of Pennsylvania is partnering with the Pennsylvania Treasury to share programs that help families strengthen their financial security today and for the future.

Flexible, Tax-Advantaged Savings

PA 529 plans help families save for future education expenses with state and federal tax benefits. Choose from two plan options. Anyone can contribute–from parents to family friends. Make giving meaningful with options like gifts for birthdays and holidays.

$100 for Your Child's Future

Pennsylvania invests $100 for every baby born to a PA family in 2019 or later. Use it for your child's future education expenses like college, career training, and more. A child with education savings is three times more likely to enroll in a two- or four-year college and four times more likely to graduate.

Empowering People with Disabilities

PA ABLE offers individuals with qualifying disabilities a tax-advantaged way to save or invest without impacting key government benefits. Federal benefits like Medicaid and (with limits) SSI remain protected, helping people build financial independence securely.
